

1. Recommendations for National HIS Implementations .....	1
1.1. Database development .....	1
1.2. Import and mapping of existing databases .....	1
1.3. Securing necessary resources for the implementation .....	1
1.4. Integration of parallel systems .....	1
1.5. Setup of a reliable online national server .....	2
1.6. Pilot phase .....	2
1.7. Roll out .....	2
1.8. Training .....	3
1.9. Decentralization of data capture and management .....	3
1.10. Review and extension .....	3
2. Conceptual Design Principles .....	5
2.1. All meta data can be added and modified through the user interface .....	5
2.2. A flexible data model supports different data sources to be integrated in one single data repository .....	5
2.3. Data input != Data output .....	6
2.4. Indicator-driven data analysis and reporting .....	6
2.5. Maintain disaggregated facility-data in the database .....	7
2.6. Support data analysis at any level in the health system .....	7
3. Setting Up a New Database .....	9
3.1. Strategies for getting started .....	9
3.2. Controlled or open process? .....	9
3.3. Steps for developing a database .....	9
3.3.1. The organisational hierarchy .....	10
3.3.2. Data Elements .....	10
3.3.3. Data sets and data entry forms .....	10
3.3.4. Validation rules .....	11
3.3.5. Indicators .....	11
3.3.6. Report tables and reports .....	11
3.3.7. GIS (Maps) .....	11
3.3.8. Charts and dashboard .....	11
4. Deployment Strategies .....	13
4.1. Offline Deployment .....	13
4.2. Online deployment .....	13
4.3. Hybrid deployment .....	14
4.4. Server hosting .....	14
5. DHIS 2 as Data Warehouse .....	17
5.1. Data warehouses and operational systems .....	17
5.2. Aggregation strategy in DHIS 2 .....	18
5.3. Data storage approach .....	19
6. End-user Training .....	21
6.1. What training is needed .....	21
6.2. Strategies for training .....	21
6.2.1. Training of trainers .....	21
6.2.2. Workshops and on-site training .....	21
6.2.3. Continuation of training .....	22
6.3. Material and courses .....	22
7. Integration .....	23
7.1. Integration and interoperability .....	23
7.2. Benefits of integration .....	23
7.3. What facilitates integration and interoperability .....	24
7.4. Architecture of interoperable HIS .....	24
8. Installation .....	27
8.1. Server specifications .....	27
8.2. Server setup .....	27
8.2.1. Creating a user to run DHIS2 .....	27
8.2.2. Operating system kernel tuning .....	28
8.2.3. Setting server time zone and locale .....	28

8.2.4. PostgreSQL installation .....	28
8.2.5. PostgreSQL performance tuning .....	29
8.2.6. Database configuration .....	30
8.2.7. Install Java .....	30
8.2.8. Install Tomcat and DHIS2 .....	30
8.2.9. Running DHIS2 .....	31
8.3. Reverse proxy configuration .....	31
8.3.1. Basic setup for nginx .....	31
8.3.2. Enabling SSL on nginx .....	32
8.3.3. Enabling caching and SSL on nginx .....	34
8.3.4. Starting tomcat on boot-time .....	35
8.3.5. Making resources available with nginx .....	35
8.3.6. App setup with nginx .....	36
8.3.7. Basic reverse proxy setup with Apache .....	37
8.3.8. Basic load-balancing with Apache and Tomcat .....	37
8.3.9. Basic SSL encryption with Apache .....	38
8.4. DHIS 2 Live setup .....	39
8.5. Backup .....	39
8.6. Working with the PostgreSQL database .....	40
9. Support .....	41
9.1. Home page: dhis2.org .....	41
9.2. Collaboration platform: launchpad.net/dhis2 .....	41
9.3. Reporting a problem .....	41
10. Organisation Units .....	43
10.1. Organisation unit hierarchy design .....	43
10.2. Organisation unit groups and group sets .....	44
11. Data Elements and Custom Dimensions .....	45
11.1. Data elements .....	45
11.2. Categories and custom dimensions .....	45
11.3. Data element groups .....	46
12. Data Sets and Forms .....	47
12.1. What is a data set? .....	47
12.2. What is a data entry form? .....	47
12.2.1. Types of data entry forms .....	47
12.2.1.1. Default forms .....	47
12.2.1.2. Section forms .....	47
12.2.1.3. Custom Forms .....	48
12.3. From paper to electronic form - Lessons learned .....	48
12.3.1. Identify self-contained data elements .....	48
12.3.2. Leave calculations and repetitions to the computer - capture raw data only .....	48
13. Data Quality .....	51
13.1. Measuring data quality .....	51
13.2. Reasons for poor data quality .....	51
13.3. Improving data quality .....	51
13.4. Using DHIS 2 to improve data quality .....	51
13.4.1. Data input validation .....	51
13.4.2. Min and max ranges .....	52
13.4.3. Validation rules .....	52
13.4.4. Outlier analysis .....	52
13.4.5. Completeness and timeliness reports .....	52
14. Indicators .....	53
14.1. What is an indicator? .....	53
14.2. Purpose of indicators .....	53
14.3. Indicator-driven data collection .....	54
14.4. Managing indicators .....	54
15. Users and User Roles .....	55
15.1. Users .....	55

15.2. User Roles .....	55
16. Data Analysis Tools Overview .....	57
16.1. Data analysis tools .....	57
16.1.1. Standard reports .....	57
16.1.2. Data set reports .....	57
16.1.3. Data completeness report .....	57
16.1.4. Static reports .....	57
16.1.5. Organisation unit distribution reports .....	58
16.1.6. Report tables .....	58
16.1.7. Charts .....	58
16.1.8. Web Pivot tables .....	58
16.1.9. GIS .....	58
16.1.10. My Datamart and Excel Pivot tables .....	58
17. Pivot Tables and the MyDataMart tool .....	61
17.1. Pivot table design .....	61
17.2. Connecting to the DHIS 2 database .....	62
17.3. Dealing with large amounts of data .....	62
17.4. The MyDatamart tool .....	62
17.5. Using Excel pivot tables and MyDatamart - a work-flow example .....	63
17.5.1. Download and run the MyDatamart tool for the first time .....	63
17.5.2. Setup and distribute the pivot tables .....	64
17.5.3. Update MyDatamart .....	64
17.5.4. Update the Pivot tables .....	64
17.5.5. Repeat step 3 and 4 when new data is available on the central server .....	64
18. DHIS as a platform .....	65
18.1. Web portals .....	66
18.2. Apps .....	67
18.3. Information Systems .....	67
19. Localization concepts .....	69
19.1. DHIS 2 i18n tool .....	69
19.2. Using the DHIS 2 translation server .....	72
19.3. Important localization concepts .....	73
20. DHIS2 Tools Guide .....	75
20.1. Overview .....	75
20.2. Architecture .....	75
20.3. Installation .....	76
20.4. DHIS2 tools reference .....	77
20.5. Troubleshooting guide .....	85
A. DHIS 2 Documentation Guide .....	87
A.1. DHIS 2 Documentation System Overview .....	87
A.2. Introduction .....	87
A.3. Getting started with GitHub .....	87
A.4. Getting the document source .....	88
A.5. Editing the documentation .....	88
A.6. Using images .....	88
A.7. Linking documents together .....	89
A.8. Handling multilingual documentation .....	89
A.9. Building the documentation .....	89
A.9.1. Building the documentation with Apache maven .....	90
A.9.2. Building with xmlto .....	90
A.10. Committing your changes back to GitHub .....	90
